Remodel and Addition

About the Project

Additions were added to the original home including a porch and entry, family-room, mud-room, and garden-room. As you walk through this lovely home you feel the energy that emanates from the flower gardens and the trees beyond. It reflects in the unique artifacts tucked away in niches and in the warm color of the new kitchen cabinets and the walls. The home was also enhanced with new windows and trim throughout, every detail carefully thought out to the homeowner's needs and wishes.

About the Remodeler

This home is an example of the full-service design KLA/Kelly Anderson brings to her clients. Imagine having your home, addition or interior drawn, not with a computer, but free hand while you discuss what options you desire. This is one of the unique talents Kelly brings to your project along with her outstanding reputation for high quality construction, competitive pricing and timeliness in getting your project completed.

From Stadium go southwest on Brockman Blvd., turn left on Carhart St. going south to 2008 Carhart St.
