### Addition, Kitchen and Bath Remodel

#### About the Project

The addition and interior changes to this historic home were designed to improve the family's living environment without compromising the architecture of the house. Several interior walls were changed to accommodate the kitchen and bathroom updates while the addition provided a family room and larger bedroom.

#### About the Remodeler

HSA is a construction company specializing in additions and remodels since 1985 with a cadre of well trained specialists led by David Rhoads. David has two national certifications, Graduate Remodeler (CGR) and Aging in Place specialist (CAPS) and is often asked to share his expertise with other groups. Visit our website at [www.hsa-remodel.com](http://www.hsa-remodel.com) for project photos, typical job costs, etc.

Take Ann Arbor - Saline Road to Saline, which becomes N. Ann Arbor Street.
