

# KSF Architects & Meadowlark Builders

ADDITION & HISTORIC / SUSTAINABLE PRESERVATION

Photos by Fred Golden

## Address

**17613 English Road, Manchester**

## The Project

This project combines the historic re-building of a mid-nineteenth century Italianate farmhouse with a large Deep-Green addition. Nestled in a pastoral setting with beautiful views, this house serves the many needs of this working farm and the community around it. Preservation of the past meets future technology in this "near net-zero energy" home. Beautiful finishes abound, including English Victorian tile, amazing custom cabinetry, and period trim. This entry is more than worth the drive to see!

## The Architect

KSF Architects specializes in residential architecture, designing custom homes and additions. The firm has designed projects ranging from historic reproductions to innovative modern designs that reflect the values and tastes of the individual client.

## The Builder

Meadowlark Builders is a full-service design/build firm specializing in Deep-Green new homes and remodels. Our worry-free customer service and "house-as-a-system" approach results in the best quality product and process in residential building.

From downtown Manchester, take W. Main St. west. Main St. becomes W. Austin Rd. Turn left at Grossman Rd. Turn right at English Rd. Home is on the left.

**Home #1 is also open during the Showcase of Homes. See page 35 for more details.**
