

5760 CATHERINE COURT, SALINE ▸ LODI TOWNSHIP ▸ SADDLE CREEK ESTATES

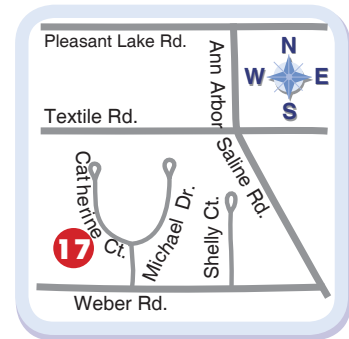

Welcome to our 2008 Showcase Home in Saddlecreek Estates, the site of two previous Showcase Homes and where there are three home sites still available to build on.

This Country French home shows off the builders finish carpentry roots. Custom built in cabinets, vanities and casework is plentiful throughout the home. In the kitchen, the old beam and bead board ceiling is a sharp contrast to the professional Viking appliances.

Entertaining is what the lower level was made for. Have a cocktail at the bar, play pool, pinball, darts or a game of cards. If you're in the mood for a movie, view one of the latest releases in the state of the art theater room created by Paragon Sight and Sound.

Kimberly Hill, of Kimberly Hill Interior Design worked with the homeowner to give this home its understated elegance and charm.

Fine craftsmanship and smart design are delivered once again in this home by William Charles Custom Homes.
